- 25X1 1. [REDACTED]
- 25X1 2. [REDACTED] Comment. There is the possibility that the train went to Oranienburg with detachments for the 1st Mecz Kommando of KVP Bereitschaft Berlin, as
- 25X1 [REDACTED] large detraining operations of tanks and KVP personnel during the night of 1 September.
- 25X1 3. [REDACTED] Comment. It could not be determined which of the tank regiments of Division (Mecz) Eggesin is referred to. However, both regiments and the tank training regiment are stationed in Spechtberg. It is more probable that the loading involved elements of the 2d Mecz Regt in Karpin.
- 25X1 4. [REDACTED] Comment. Information on rail movements [REDACTED]
- 25X1 indicated that three trains each from the area of Eggesin were loaded for shipment to the Berlin district daily from 10 to 12 September. The arrival of three of these shipments in Lichtenberg, presumably Zentralviehhof, was observed on 13 September.
